Modules are a limitation

Collaborate integrates a complex mix of inter-relationships...

The old paradigm

- Requires code - expensive
- IT labour-intensive - expensive
- Uses modules - expensive and low quality
- Changes are expensive
- The final result is a compromise
- Orphan system

The new *Collaborate* paradigm

- Code free application
- Code free reporting
- No IT infrastructure needed
- No modules – No up-sell
- Fast configuration
- Extremely low cost configuration

Accurate capture and reporting

- Example – preloaded with 1.9 million addresses for accurate address reporting

Reporting Configuration

- Primarily code-free reporting and analysis
- DIY reporting from simple tables using your language
- Export to Excel for in house analysis
- Custom made reporting
 - mostly required for complex funder designed reports

New paradigm, fast-track implementation

Step 1

- Already pre-configured for PRIMHD output
- Supply us with your existing reports (or excel)

Step 2

- Within a few days you will be able to access your data via Collaborate
- PRIMHD compliance for your organisation

Costs

- Full access from \$195 + GST per month
 - Includes the first 13 users
 - \$15 + GST per user per month thereafter
- \$100 + GST per hour (consulting time)

Next Step

- Watch the Video
 - www.Collaborate.org.nz
- Talk to us about a demonstration
- Talk to our existing customers
- We'll give you a fixed quote for your configuration
