

**Transform your business
with a smart information
system from Wild Bamboo**

wild
bamboo™
smart information systems

Wild Bamboo

- Wild Bamboo is New Zealand's only charitable mental health software development company.
- As part of the WISE Group we've spent 20 years developing smart information systems to support our work, and now through Wild Bamboo we want to share them with you.
- As the sector has changed, so has our software and it will continue to do so, with free upgrades for all users as we channel revenue back into continuous development.

Why choose Wild Bamboo?

- We have 20 experienced staff developing and supporting our products.
- Working as part of an NGO themselves, our staff truly understand the sector you're working in.
- Our software is web based, which makes it easy to use and means you don't need to invest in additional IT equipment.
- We're a proven PRIMHD compliant solution. We currently have 30 customers and over 1300 users using our software.

Why choose Wild Bamboo?

- There's no hidden costs. As part of your install you will receive free training and on-going help desk support at no additional charge.
- Plus you'll receive off-the-shelf healthpak reporting as part of your installation.
- We generate and submit your PRIMHD reports over our approved secure connection on your behalf meaning you don't have to worry about the complexity and expense!

Introducing Recordbase

- Recordbase is a PRIMHD compliant information management system which has been successfully PRIMHD reporting since 2008.
- It is the number one choice in information management for New Zealand's non-government mental health and addiction providers, from small 1 – 2 person organisations to New Zealand's largest mental health NGO.
- Recordbase has been created by the sector for the sector. It's an affordable proven solution used by 30 organisations and over 1300 satisfied users nationwide!

Introducing Recordbase

- Recordbase is easy to use. If you can surf the web you can use Recordbase.
- Recordbase provides a system that is simple, providing timely easily accessible information at an affordable price so that you can get on with the work that really matters!

Recordbase transforms service planning and customer outcomes by:

- **generating a number of reports at the touch of a button**
- **providing an outcomes assessment and measurement framework**
- **meeting PRIMHD reporting compliance requirements**
- **providing powerful data security**
- **ensuring consistent reporting practices; and**
- **saving you time and money!**

- Recordbase elite build on the tools provided in Recordbase to further streamline reporting and data analysis for team leaders and managers.
- Recordbase elite combines all the features of Recordbase but takes you to the next level when it comes to service planning and contract reporting.

Recordbase Version 5 now available!

- Recordbase has been used by NGOs for the last two years. Before the public release of Recordbase, the development pathway was 10 dedicated years.
- As a Recordbase customer you get **free version upgrades** with Wild Bamboo's ongoing commitment to Recordbase software development. The latest version includes:
 - dynamic information forms for outcome assessment and measurement
 - enhanced health and safety functionality

Recordbase Version 5 now available!

- a customised dashboard providing high level information at a glance
- service user calendar/activity scheduling and tracking with Microsoft Outlook integration
- the ability to customise Recordbase so that it uses the language that you use in your organisation - making it a great fit no matter what sector you're in!

Don't just take our word for it!

30 Organisations and over 1300 people are experiencing the great results Recordbase provides.
