

<p>Change Notification: cn-2010-primhd-filver-001</p> <p>Date of Issue: 15 December 2009</p>	 <p>MINISTRY OF HEALTH MANATŪ HAUORA</p>
<p>Proposed Implementation Date: 1 July 2010</p>	<p>Subject: Removal of field from PRIMHD extract and new 'File Version' number.</p>
<p><u>CHANGE NOTIFICATION</u></p>	
<p>Summary:</p> <p>This change notification advises the sector of changes to the data that must be submitted to PRIMHD from 1 July 2010. The changes are:</p> <p>The field 'Organisation Type' must no longer be sent to PRIMHD.</p> <p>The valid 'File Version' will be '2.1'.</p>	
<p>National Collections Impacted by Change:</p>	<p>PRIMHD</p>
<p>Context of the Change:</p> <p>The 'Organisation Type' field has been collected by PRIMHD in the Referral_Discharge and Legal_Status xml schemas since PRIMHD's inception on 1 July 2008. The field is used to identify the type of organisation that is submitting data in each xml file in order to apply the appropriate validation rules.</p> <p>The 'Organisation Type' field is assigned to data providers by the HPI system. A look up table that contains all HPI data is now available in the environment that PRIMHD resides on, therefore the PRIMHD system can obtain the 'Organisation Type', by referencing this table against the 'Organisation ID' in the incoming xml file, removing the need for it to be submitted by the data provider. By obtaining the 'Organisation ID' from the look up table PRIMHD is referencing the single source of truth for HPI data therefore minimising the risk of error.</p> <p>The 'File Version' field in the Referral_Discharge and Legal_Status xml schemas identifies the version of the schema that is being used to submit data to PRIMHD. By removing the 'Organisation Type' from the data that is required to be submitted to PRIMHD a change is necessary to the schemas, therefore the version number needs to change. The new version from 1 July 2010 will be '2.1'.</p>	
<p>Details of Proposed Change:</p> <p>Changes required to PRIMHD are:</p> <p>Remove 'Organisation Type' from the Referral_Discharge and Legal_Status schemas.</p> <p>Change the valid 'File Version' value to 2.1</p> <p>Update the PRIMHD file specification with details of the changes</p>	
<p>What is expected of the Sector:</p> <p>For all Referral_Discharge and Legal_Status xml files with an 'Extracted Date' greater than or equal to '2010-07-01T00:00:00':</p> <p>Do not submit the data element 'Organisation Type'</p> <p>Ensure that the value used in the 'File Version' field is '2.1'.</p>	
<p>Impact of Change on National Collection(s): 'Organisation Type' will no longer be submitted to PRIMHD, the system will source this data from the HPI look up tables.</p>
